| 1:00 – 2:00 | Valmont Power Station Tour – Xcel Energy |
| 3:00 – 5:00 | Fate Brewing Company* – Happy Hour/Casual Dinner |

*Voted best new restaurant in Boulder!!

I sent CASDEM Member a link to a Google calendar that Jeff Medwetz organized for the power plant tour. Please indicate if you will be going no later than end of business day Friday, April 31.

The Valmont Power plant is very close to the BVSD – Education Center. Only about a three minute drive. We will be carpooling from the Education Center over to the plant.

I am planning a later start to our May meeting than normal to accommodate the Valmont power plant tour and a nice end of the year wrap-up dinner at Fate Brewing Company (recommended by Jeff Medwetz). We have two great presenters lined up. Kathy Croasdale from the Center for Resource Conservation who will share the ReNew Our School's Program and Kara Brooks with Iconergy who will be discussing Monitoring Based Building Commissioning. Plan on a brief CASDEM business agenda item to appoint next year's Chair and Vice-Chair. We can officially vote on Chair and Vice Chair at Fate Brewing Company if nobody nominates or volunteers during the meeting. The new Chair and Vice-Chair get free dinner and beverages at Fate.

See Parking and Check-in instructions for Boulder Valley School District below.

CASDEM Meeting - 05/07/2015

Please park in designated visitor or overflow parking spaces. Enter through doors at flagpole (north side of building). Sign in, receive a security badge, and the Receptionist will guide you to the **BLACK DIAMOND ROOM** in the Professional Development Center (PDC).
